

# Bridal Showers & Registries

**Tupperware**, it's the gift you'll use every day. Never mind fancy underthings that are used once, maybe twice, then folded away in a drawer to be forgotten. Register for the gift that saves time and money, that makes healthful living easy, that helps create a sustainable future for our planet. Tupperware is the gift that won't be forgotten, but passed on to the next generation under our limited lifetime warranty.

## Simple steps to maximizing your Bridal Registry with Tupperware:

1. **Bride creates a Registry** with her Tupperware Fresh Connection.
2. **Bridal Cards are provided** to go into invitations.
3. **Bridal Shower**  
Guests all arrive to shop for the Bride from her registry and for themselves. All orders are submitted together and the Bride can use the Host Credit, Half Off items and Bonuses to finish off her Registry List. Online shopping can be provided for out of town guests wishing to participate.
4. **Wedding Registry**  
If there are items remaining after the Bridal Shower, the Bride may wish to leave the registry open for wedding gifts. Guests may call and place orders to be picked up or delivered to Gift Opening location.

*Compliments of Your Tupperware Fresh Connection*
